Tube Mills / Rollformers / Control Systems / Reconditioning / Sell Your Machinery / Support

For Sale: New 11.8" (300 mm) ERWTech/UCG Rolling Mill

[Request Quote →](#)

Start-up and support services can be provided by our team.

Stock #3926, In-Stock (Ohio)

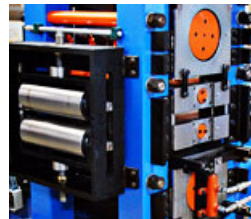

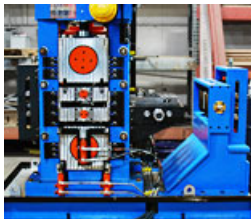

Max Strip Width: 11.8" (300 mm)

Max Thickness to be Reduced: .118" (3 mm)

Equipped with: (2) Motors, 2 HP (1.5KW) ea.

The cold rolling process reduces the thickness of the material before entering the tube mill for increased yields, tighter tolerance, refined surface and improved mechanical properties.

Location: Our Warehouse, Perrysburg, Ohio ...
